

Present were the following Board Members:

Norman Bernstein	Saul Grossman	Maurice Paprin
Julie Chin	Jerry Halpern	Ted Peck
Lester Friesner	Herbert Kadison	Henry Shereff
Irving Gerber	Morton Lisser	Kenneth Shorter
Julius Graber		

Julius Graber gave the treasurer's report.

Jerry Halpern reported on the Nias Foundation donation.

Ted Peck reported on the next Hall of Fame Dinner. He suggested we include more honorees and one of the honorees be asked to be a speaker. In addition, somebody should be designated to speak for the posthumous honorees. Ted has received 30 recommended names to date, but would like to receive more.

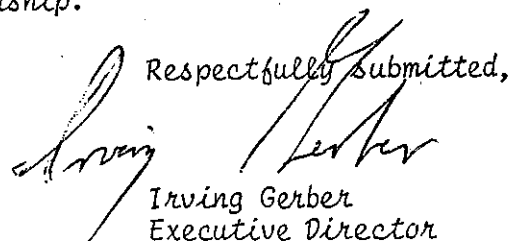

Irving Gerber recommended a lowering of the cost of the dinner to the members in view of the number of letters he has received on the subject. Maurice Paprin, Saul Grossman and Ken Shorter disagreed. They felt the fee should be the same to maintain standards.

Mal Largmann reported on the following:

1. The school has not yet felt the effects of the City's budget cutting moves, but that will probably change in 1991.
2. Condoms may be distributed in the school if the Chancellor's plan is approved.
3. The new Stuyvesant H.S. building will probably impact on the number of applications to T.H.H.S.
4. Bob Hahn, Queens College liaison, is taking a sabbatical and will relinquish his liaison position.
5. The Alumni Association's contributions have been very valuable, especially with teacher training courses and the use of the van.
6. The volleyball, swimming and girl's basketball teams have done well.

Maurice Paprin suggested that the high school students form a public relations task force to feed positive information to the news media. The school is not well known in the city.

Irving Gerber read letters received from the membership.

Respectfully submitted,  
  
Irving Gerber  
Executive Director
